SPRING Holiday Drawing Workshops

22nd September - 2nd October 2015

There will be **Oceans of Drawing**, with **Animals** in many guises, **Engineering Exploration**, **Locomotion** & SO much more - we are also launching the first in our **Art, Science & Wonder SERIES** with:

WATER DRAWING

With a little science and a whole lot of observation we'll draw patterns refracted through water, learn how to draw & shade to create a 3D drop of water and take a look at the microscopic life that might be living in it. (THURSDAY 24 September, 10:00-3:00)

It was awesome to see so many kids through the StirrUP Gallery doors for our **WINTER Holiday Workshops**. We loved watching the way the kids were magnetically drawn to the **Analogue Portrait Machine** which will make an (up-dated & slightly improved) appearance in the SPRING holidays. There was some truly wonderful portraits adorning the walls by the end of our two weeks.

Here's some of what the kids got up to:

SPOTLIGHT ON:

Fin, Fur & Feather

As we outlined our drawing exercises for this Workshop a whispered chant started :

“Fin-Fin-Feather-Fur-Feather/Fin-Fin-Feather-Fur-Feather/Fin-Fin-Feather-Fur-Feather/Fin-Fin-Feather-Fur-Feather” this chant started whenever we moved from one exercise to the next describing the order of our drawing focus - so magical.

We duplicated fish scale patterns in all their wonder, drew some thrilling aquatic surprises from observation (the kids LOVED poking, prodding & drawing the fish Ange brought in from the Fish Shop esp. the flathead with its ‘eyes in the wrong place’), we explored making feathery marks in ink, experimenting with all kinds of drawing implements, drew fur any animal would be proud to groom & constructed an avian paper wing sculpture - PHEW!

This Workshop was so wonderful we're doing it all again these holidays

(Fin, Fur & Feather, MONDAY, 28 September, 10:00-3:00)

LIKE MINDED FOLK/SITES/BOOKS/BLOGS:

We are often asked to recommend drawing sites & there are some pretty great online drawing activities & resources out there so we thought we'd start with the online resources of two Art Galleries we know & love:

The QUEENSLAND ART GALLERY | GALLERY OF MODERN ART

Kids (& Adults) can create their own surrealist collage inspired by Max Ernst (pictured) or have fun drawing from life ... 'What would your family look like if you were all superheroes?'

TATE

Tate holds the national collection of British art from 1500 to the present day and international modern and contemporary art. TATE Kids also has some great online art activities:
