**HERE!**

Again we had a fabulous bunch of kids through the StirrUP Gallery doors for our **SPRING Holiday Workshops** in September. The **Analogue Portrait Machine** may have had a make-over but it certainly got a workout with almost every kid drawing &/or being drawn while perched either side of the Machine. So many wonderful portraits adorning the surrounding walls. Keep an eye out for them popping-up in our website gallery!

& we almost ran out of sea in our collaborative wall drawing – what gorgeous above & below drawings popped-up over the two weeks - take a look at this section of the finished vista:

## SPOTLIGHT ON: What Skin is Your Animal In?

Our D2S articulated animal drawings are always so awesome we just have to include this drawing exercise in our SUMMER program!
