Sketch Club & Studio Development Workshops for Teens!

Thursday Afternoon Sketch Club & Studio Development Workshops

4:00pm - 6:00pm, \$190 for 6 Weeks

Our Teen Sketch Club & Studio Development Program has been designed to run as a series of **Sketch Clubs & Self-Directed Workshops** for students to plan, develop and realise individual work/s or a body of work as part of their general Drawing Development &/or Studio Practice.

The Workshops run for 2hrs, 4:00pm to 6:00pm, for 6 Weeks on Thursday Afternoons and are designed to enable participants to develop & refine their practical skills while guiding them through the planning, production and realisation of finished work/s.

Each Workshop session is loosely split into 2 parts, 1 dedicated to exploring mediums, techniques & approaches to drawing & 1 dedicated to either the continuation of work started in the first session **OR** to Self-Directed work/s.
